

Cedar Park Charter Academy Annual Professional Development

Austin Community College

Adjunct faculty will attend a 2 day training with TCC for orientation to the college and how to conduct instructional operations with ecampus and blackboard. In addition, PTECH teachers will meet quarterly with department chairs for curriculum alignment and instructional practices.

RISD & New Teacher

All faculty attend professional development throughout the year. We have district and campus training days in August prior to school starting, in the fall and spring semesters on student holidays and early releases, as well as, additional training on day that the CTE department pulls the staff and provides substitutes for their classes. These all day workshops are intentional by topic and career pathway.

Teachers new to TCA attend a 3 day training/orientation to the district. Additional training is provide to those who teach a dual credit course. Ongoing PD is available to teachers throughout the year when they are interested in specific topics/contents.

Summer Bridge Institute

Faculty are encouraged to attend the Summer Bridge Institute trainings to gain instructional strategies and develop their pedagogy skills.

CTE Conference

Faculty are encouraged to attend the CTE summer conference and any other relative industry related conference that is available.

Educate Texas & ESC Region 10

Local organizations provide CTE and PTECH specific trainings for the region. These summits or conferences are available to staff. Additionally, Educate Texas holds a summer conference as well.
